Rotherhithe Waterside

Monday, 16th March 2026

Dear Residents

Thank you to those of you who returned your surveys.

We know that several of you feel that the survey is not relevant to them, and so are pleased that the response was 75% which is approximately three quarters. Once again, the results were positive and encouraging. The response this year was especially good considering we had a vacancy at the time and a new resident of only three weeks.

Any feedback will be taken on board and hopefully next year we will have more replies and more satisfied residents.
